We know how.

AIRSTREAM ST: The quiet and efficient air supply unit

With its plug & play functionality, all you need to do is plug in the AIRSTREAM ST for a constant supply of clean, dry air – for welding constructions with the highest cleanliness requirements. Also ideal for use in quiet environments. Need to work with two hand tools in parallel? No problem thanks to the simultaneous power and air supply. The unit includes a hand tool stand, fits into every work bench, and is fitted with castors for easy mobility. A highly practical solution!

Blower

AIRSTREAM ST

1		<p>Dual operation: The two tool connections enable parallel operation of two tools or offer the added flexibility of having a second hand tool ready for a subsequent work step.</p>
2		<p>The quick-change artist: It is easy to integrate into the existing environment thanks to its cubic design, and can also be fitted with additional castors for easy mobility. The practical cover can be used as a tool stand. The cover can be turned around to fit perfectly into any work bench.</p>
3		<p>Quality is measurable: If you know what you want, you need to be able to set the air volume using the flow meter. The volume flow is crucial for the input of energy and has a direct influence on the quality of the weld.</p>
4		<p>Logic for a longer service life: When the unit is switched on, the hand tools are always supplied with air and power at the same time. In case of reaching the daily target or a significant pause in production, the AIRSTREAM ST prevents the connected tools from overheating by employing its integrated cool-down mode.</p>

AIRSTREAM ST, the quiet air supply unit.

Blower

AIRSTREAM ST

- Quiet operating mode
- Cool-Down-Mode
- Low energy consumption
- Two hand tools can be connected
- Compatible mit WELDING PEN, DIODE and LABOR
- Flow meter
- Brushless technology

Accessories AIRSTREAM ST

	<p>159.535 Roller set</p>
	<p>159.481 Air hose connection set</p>

Technical Data

Voltage	V~	230
Power	W	215
Frequency	Hz	50
Air flow range	L/min	200 (Total)
Emission	L _{pA} (dB)	< 48
Size (L × B × H)	mm	600 × 250 × 362 (with handle)
Weight	kg	24
Conformity mark		CE
Protection class I		⊕

Scope of delivery:

Air supply unit (with 5 m power cord), air hose connection set, operating instructions

Article-No.:

158.822 AIRSTREAM ST, 230 V/215 W, EU-plug

Easy parallel operation.

A reliable companion.
